An Overview

Yeti Flooring products are made in our two state of the art plants Yeti Carpet Pvt. Ltd. and Yeti Polychem Pvt. Ltd.

Yeti Carpet Pvt. Ltd. is Nepal's first non-woven, tufted, and grass carpet manufacturing company located in the industrial city of Birgunj. The company has the latest machinery from Belgium, China, and India to make its carpet products.

Yeti Polychem Pvt. Ltd. is Nepal's first PVC Flooring, Artificial Leather, Coil Mat, and LVT producer, with its factory located in Hetauda.

Mission

Our mission is to craft world-class carpets that unite modern innovation with Nepali craftsmanship-delivering stylish, durable, and eco-friendly flooring solutions that meet global standards. By uplifting local industry and championing sustainability, we bring lasting comfort and value to homes and businesses worldwide.

Vision

To be the first brand of choice for carpets—trusted by customers for unmatched quality, innovation, and style. Yeti aims to lead the Nepali carpet industry with the most diverse portfolio of world-class products that meet the needs of every Nepali household and business, while setting new standards in manufacturing, sustainability, and craftsmanship.

Core Values

At Yeti Carpet, our values are the foundation of everything we do:

- i. **Quality at the Core:** We put quality at the heart of our products—ensuring every carpet is built to last, combining performance, comfort, and beauty.
- ii. **Customer First:** We are committed to exceeding customer expectations through dependable service, thoughtful design, and long-lasting relationships.
- iii. **Innovation-Driven:** We embrace modern technology and creative thinking to craft carpets that are ahead of the curve in both function and style.
- iv. **Sustainability-Focused:** We minimize our environmental impact by adopting eco-friendly practices across our manufacturing process.
- v. **Integrity Always:** We operate with honesty, transparency, and strong ethical standards in every decision and action.

PVC FLOORING

We create high-quality PVC flooring that transforms any space - whether it's your home, office, or institution. Using advanced calendaring technology from Japan and Taiwan, our floors offer exceptional durability, precision, and finish.

Our curated designs-updated every year-combine timeless elegance with the latest trends, so your floors always reflect your personal style.

From cozy living rooms to high-traffic commercial spaces, Yeti PVC flooring is built to last—bringing beauty, strength, and comfort under every step.

Galaxy Series

Enhance your space with bold wooden, floral, stone, and geometric patterns-sealed with a protective wear layer for lasting beauty and performance in homes, shops, offices, and showrooms.

PERFORMANCE

| | |
|---|---------------|
| Abrasion Resistance (Additional wear layer added to increase abrasion resistance) | IS: 3464 |
| Fire Resistance (Conforms to IS: 3464-1986 standards) | IS: 3464 |
| Colour Fastness (Conform to wool standard < 4) | IS: 9766 |
| Dimensional Stability (Change in any linear dimension will not exceed 1.75%) | IS: 3464:1986 |
| Curling (Conforms to IS: 3464-1986) | IS: 3464:1986 |
| Ply Adhesion (0.50 kN/m) | IS: 3464:1986 |
| Water Absorption (Less than 0.4%) | IS: 3464:1986 |
| Heat Ageing & Exudation (No visible effect or exudation) | IS: 3462/1986 |
| Oil Absorption (Less than 0.05%) | IS: 3464:1986 |
| Flexibility (Does not crack or show any sign of failure till 0°C) | IS: 3462/1986 |

• Installation

Ensure subfloor is smooth, clean, dry and structurally sound.

• Maintenance

The floor should be cleaned with a mop using a neutral PH cleaning solution.

• Chemical Resistance

Yeti products are normally resistant to mild diluted acids and alkalis. The surface must be cleaned immediately if concentrated acids or alkalis spills.

Calio Series

Bring nature indoors with the Calio Series-carefully selected wooden designs inspired by real bark textures, finished with a protective clear layer for lasting elegance in both homes and offices.

PERFORMANCE

| | |
|---|---------------|
| Abrasion Resistance (Additional wear layer added to increase abrasion resistance) | IS: 3464 |
| Fire Resistance (Conforms to IS: 3464-1986 standards) | IS: 3464 |
| Colour Fastness (Conform to wool standard < 5) | IS: 9766 |
| Dimensional Stability (Change in any linear dimension will not exceed 0.6%) | IS: 3464:1986 |
| Curling (Conforms to IS: 3464-1986) | IS: 3464:1986 |
| Ply Adhesion (0.80 kN/m) | IS: 3464:1986 |
| Water Absorption (Less than 0.4%) | IS: 3464:1986 |
| Heat Ageing & Exudation (No visible effect or exudation) | IS: 3462/1986 |
| Oil Absorption (Less than 0.05%) | IS: 3464:1986 |
| Flexibility (Does not crack or show any sign of failure till 0°C) | IS: 3462/1986 |

- Adhesive**

We recommend Fevicol SR 505/SR 707/SR 998 or any equivalent rubber based adhesive for laying

- Installation**

Ensure subfloor is smooth, clean, dry and structurally sound.

- Maintenance**

Clean Calio flooring using a pole mounted deck brush or a brush attachment on a low speed scrubbing machine with a neutral PH cleaning solution.

- Chemical Resistance**

Yeti products are normally resistant to mild diluted acids and alkalis. The surface must be cleaned immediately if concentrated acids or alkalis spills.
